We can give you a fine Overcoat made by Hirsh, Wickwire Co. that will always look well and give you several years of satisfactory service.

BOYS GOOD OVERCOATS AT \$2.50 AND \$5.00

STEVENS-WILSON CO.

ANOTHER CHAPTER IN SCHOOL BOOK ROW

Oklahoma City, Ok., Oct. 25.—Judge J. Carney in the District Court here late this afternoon granted the alternative writ of mandamus asked for by the text book companies holding contracts under adoptions approved recently by Acting Gov. McAlester in Gov. Cruce's absence, to require the board of education to ratify those contracts or appear next Wednesday and show cause for not doing so. The application was opposed by Assistant Attorney General Charles L. Moore, representing the board.

Before the writ was issued the board adjourned until Nov. 22, and announced that it would at that time name a time for making new book adoptions.

Fortunes in Postage Stamps.

New York, Oct. 27.—The first international stamp exhibition ever held in America was opened today in the Engineering Societies Building in this city and will be continued until Saturday. Stamps with a market value of over \$2,000,000 are on display. The most valuable specimens in the lot are two unused copies of the Mauritius issue of 1847, owned by Henry J. Duveen of London, and valued at \$18,000. Another notable exhibitor is George Heber Worthington of Cleveland, owner of the most valuable stamp collection in America.

Washington News Notes.

Rapid fire justice is to be meted out by the commerce court before December 1, when it ceases to be a court and becomes merely a memory.

Representative Deitrick, Democrat, of Massachusetts, has introduced a resolution directing the naval committee to report a bill to appropriate for an immediate beginning of a "squadron of four additional battle-ships."

When the figuring force of the department of commerce cast up accounts, they announced that September of this year had established for itself a record breaking mark in business done—both in exports and imports.

Installation of sufficient lifeboats to accommodate every person aboard steamships, the boats to be of the most approved type, is the recommendation the American delegation to the international conference on safety at sea, to be held in London next month, has made to Secretary Redfield.

Navy department officials have taken steps to profit from the proposed European cruise of the Atlantic fleet by conducting an engineering competition under service conditions. The performance of the vessels in the fleet will be watched with the closest attention and records will be kept of the coal and water consumed, the quantity of lubricating oil used and the resultant condition of the machinery.

Don't worry over lost articles—A NEWS WANT AD will find them.

HIGH HONOR FOR DR. D. M. HAILEY

McAlester, Ok., Oct. 27.—Dr. Daniel M. Hailey of McAlester is now Sovereign Grand Inspector General of Scottish Rite Masons in Oklahoma, succeeding Colonel William Busby, deceased. He was chosen to that office Friday night, according to dispatches today from Washington, by act of the Supreme Council for the Southern Jurisdiction which has been in session at the national capital since Monday of this week.

Sovereign Grand Inspector General is the highest office among Scottish Rite Masons in Oklahoma and it comes to Dr. Hailey as the climax to a long list of Masonic honors continuing over a period of more than thirty years.

Dr. Hailey was born in Baton Rouge, La., in 1841. He was made a Master Mason, in McAlester lodge number 9, in April, 1877; a Knight Templar, in Parsons, Kansas, in April 1883; and received the Scottish Rite degrees, at Muskogee, in 1885. He was elected K. C. C. H. in October, 1887, and received the thirty-third degree, honorary in October, 1889.

The Doctor is a Knight Companion of St. Luke's conclave, number 19, Red Cross of Constantine; and is a life member of the Shrine, India Temple, Oklahoma City. He is also a member of the Eastern Star, being one of the past grand officers of that lodge. He is past High Priest of Royal Arch Masons; past Thrice Illustrious Master of the council; past Eminent Commander of the McAlester commandery; past Grand Master of the grand council, R. A. M., Indian Territory; past Grand High Priest, grand chapter, Indian Territory; and past grand orator of the grand lodge, Indian Territory.

He was the first Venerable Master, Albert Pike lodge of perfection, number 2; and is now Almoner, Indian consistory, Number 2.

As special deputy grand master of the grand lodge of Indian Territory, Dr. Hailey laid the cornerstone of the first Masonic lodge built by Masons in the Indian Territory and he has served as chairman of a large number of important committees dealing with the work of the Indian Territory grand lodge.

South Carolina State Fair.

Columbia, S. C., Oct. 27.—The annual State Fair under the auspices of the South Carolina Agricultural and Mechanical Society opened today, with every indication that it will surpass all of its predecessors. Particular attention has been paid this year to the agricultural display, while the horticultural, live stock, manufacturing and other exhibits are better than those of any other year.

MEXICAN ELECTION

**INDICATIONS ARE THAT NO
CHOICE WAS MADE—HUERTA
WILL HOLD ON.**

City of Mexico, Oct. 26.—At the close of the elections today the indications were that not sufficient votes had been cast in Mexico to constitute a legal choice for the Presidency to succeed Gen. Victoriano Huerta.

No official announcement was made tonight, but it was officially estimated, judging from the results in the capital, where it was expected the vote would be up to the average, that less than 10,000 of the 80,000 eligible voters in the Federal District went to the polls. There are said to be more than 300,000 eligible voters in the Republic. It would be no surprise if congress, the members of which also were voted for today, declared the elections void when that body is organized and revises the returns.

The leaders of the Catholic party claimed a long lead, although they were unable to estimate the number

PARENTS NOTICE—
School time is here. Start your child in school with a fair chance. Have his eyes tested by the old reliable optician. I specialize in this line of work. Best of equipment. No better in Oklahoma.
A. D. COON — at Ramsey Drug Co.

of votes polled for their candidates, Frederico Gamboa and Gen. Rascon.

If this claim is correct, it is generally thought that Gen. Felix Diaz and Senor Requena ran second. The Liberal candidate, Manuel Calero and Flores Magon had no printed tickets at the polling places, their constituents being obliged to write their names on blank ballots.

President Huerta did not vote. He spent the day at Popotla, his suburban home.

A decree will be issued by Gen. Huerta tomorrow increasing the army from 85,000 men, its alleged present number, to 150,000. Gen. Huerta proposed such an increase some time ago, but the congress which he dissolved limited him to 80,000.

Since the Deputies and Senators are not subject to the election provisions governing the presidential election, it is said tonight that the choice for Congress is assured. It is assumed, on the showing so far as known, that the Catholic party will have a majority in both Chamber and Senate.

There was no semblance of disorder in any quarter of the city today. A few patrols were on the streets, but neither police nor troops had any but their usual duties to perform.

The polling places opened at 9 o'clock in the morning and remained

C.T. ANGEL

WILL CRUCE BE

A CANDIDATE

The Oklahoma News publishes the following:

In his first utterance on the senatorial situation, Gov. Lee Cruce admitted Friday that he was a possible candidate to succeed United States Senator T. P. Gore, whose term of office expires in March, 1915.

The governor said, however, that he would enter the race under no conditions, unless it appeared that there was a general popular demand for him to seek the office.

"Could the political situation so shape itself," the governor was asked, "that you would become a candidate for the United States senate?"

"Yes," he replied. "I will say this, however," he added, "that I have always considered the United States senatorship inferior to the governorship of Oklahoma in its opportunities to do things for the people of Oklahoma."

"My only political ambition has been to be governor of this state. That has been gratified, and I have no further desire to run for office, unless there arises a public demand for me to become a candidate."

Continuing the governor declared that if he should become a candidate against Gore, he would not spend a day in campaigning, when his official duties required his presence in this office. His term expires a few weeks before that of Gore, but he will be governor during the primary campaign before the August election.

Mrs. Simpson's Reception.

What will always be remembered as a social triumph of the present season was the reception given Wednesday afternoon by Mrs. R. W. Simpson in honor of Mmes. Chas. Peyton of Shawnee, C. P. Bruce of Oklahoma City, and Miss Alpha Sledge of Ada.

During the receiving hour seventy-two ladies called and partook of the hospitality of the Simpson home. The house was beautifully decorated with cut flowers and pot plants, the color scheme for the dining room being pink and the library red. Roses, ferns and maline formed the principal features of the decorations.

At the front door the guests were met by Miss Annie Carroll Simpson and escorted to the first receiving line composed Mrs. Simpson, Miss Sledge, Mrs. Sledge, Mrs. Peyton, Mrs. Torbett and Mrs. Bruce. The second line was composed of Mrs. Byrd, Mrs. Spawr, Mrs. Beck, Miss Beck and Mrs. McKinley.

Following is the personnel of the house party: Mesdames Ebey, Maddox, Hays, Duncan, McKeown, Rodarmel, Snead, Warren, Thornton, Hart, Smith, Cox, Neathery, Browall, Haraway, Misses Sims, Chambliss Sims, Tolbert, Gertrude Thompson, Emma Thompson, Kice, Norris, Allen, Leona Chauncey.

Entered at the Postoffice at Ada, Oklahoma, as second class mail matter.

In view of Sunday's snowstorm and norther it is probable that some of the delegates to the Dry Farming Congress at Tulsa will revise their opinions about the climate of the "Sunny South."

If the U. S. gives warning to other nations to keep hands off of the Mexican row they will probably come back with a demand that Uncle Sam put an end to the trouble. They are not likely to sit tamely by and permit their subjects to suffer while the Mexicans butcher one another.

The statements of the Ada banks show that the deposits are still well above the million dollar mark. This indicates that Ada is in the million dollar class of towns to stay, and that the city and surrounding country are increasing in wealth as the days go by.

IN DARKEST RUSSIA.

That Russia is still a nation in the semi-barbarous state is again demonstrated by a sensational murder trial in which some Jews are accused of having killed a boy to secure his blood for use in their religious worship. This reads like a chapter from the dark ages and not like a happening of the twentieth century, but nevertheless, it is a fact. Of course no person of ordinary enlightenment puts the slightest credence in the charge. The laws of Moses expressly forbade human sacrifice, which was common in that age, and the peaceful habits of the Jews of today certainly do not bear out the idea that the race has degenerated.

It is difficult to understand why Russia seems bent on exterminating or driving out her Jewish citizens. The Jew is a peaceable, law-abiding citizen of any country where he may happen to reside and only asks to be let alone, and common justice would dictate that his rights be respected, but he has always been the object of persecution on the part of all nations until recent times. Russia is the last to cling to this insane course. A man may not believe that the hand of Providence is in the matter, but history proves that the nations that have been most bitter in the persecution of this race have gone down. Spain dates the beginning of

her decline from the time the Jews were driven out amid the most merciless persecutions. Rome is only a memory. Russia was overwhelmed in her war with Japan, and other nations that dealt harshly with the offending people have also suffered in times past. The United States was the first nation to give the Jew a chance and treat him as other citizens, and he has given ample proof that this just policy was not in any way misplaced.

Were it not so tragic the fear and hatred the Russians hold for their Hebrew subjects would be highly amusing, for no one ever heard of a Jew attempting to stir up trouble or foment a revolution against any government he might happen to live under. As it is, all enlightened nations recoil in horror from the massacres and atrocities committed against the race in darkest Russia.

BIG CIRCUS RUNS TO THRILLS.

But There Are Also Fifty Clowns to Temper It With Laughter.

A great company of foreign artists, who concern themselves with thrilling and dangerous exploits, is found with Ringling Brothers' circus this season. There is also the sublime and impressive spectacle of "Joan of Arc" with a cast of 1,200 characters, 600 horses, and trainload of special scenery. But people like laughter as well as heart throbs. Laughter is an important ingredient of a circus program. With this knowledge well in mind the Ringling Brothers have gathered together a talented band of fun-makers, fifty in number, and the majority from Europe. Each is a past-master of his art. Every pause in the exacting bill is filled with delicious skits, screaming pantomimes, bewitching tomfoolery, travesties on political and public happenings, and hilarious high jinks in general.

These clowns are original and versatile. They are the creators of all things funny. The clowns of other shows try to imitate them, but fall far short of their patterns. Many of them are from the comic opera theatres of England and the Continent. Some of them have made kings laugh in the royal courts of Asia, others are from our own vaudeville and musical comedy companies. They are as unctuous a bunch of sky-larks as ever smelled sawdust. From thrills the audience turns to laughter, and from laughter back to thrills. When the high-air feats of the daring aerialists are not sending cold chills up and down ten thousand spinal columns, the clowns are making spectators hold their sides and shout with the joy of living.

The first duty of man is still that of subduing fear. A man's acts are slavish; not true, but specious; his very thoughts are false—till he have got fear under his feet.—Carlyle.

Daily Thought.

They are never alone that are accompanied by noble thoughts.—Sir Philip Sidney.

ADA'S CHANCE FOR

THE CHAMPIONSHIP

From the Oklahoman.

The decisive victory of East Central over Tahlequah, who was able to hold the strong Durant team to 26 points, has led to a great deal of speculation here among the students regarding the chances of the local team for the normal championship of the state. With the team in good condition and going as strongly as it is now there seems to be no doubt that it has a fighting chance for premier honors among the normals.

The players in the line from tackle to tackle weigh 165 pounds each and are aggressive. Vernon Rollow at center is playing his third year on the team and his passes are steady and sure. His brother Floyd, at leftguard has had one year's experience and is doing great work at this stage. At right guard Tillman Shelton is playing his first year, but to date the enemy has found no satisfaction in hampering his position. The tackle positions are being taken care of by Stegall and Messenger. Both are heavy fast, experienced men and have been used to advantage in carrying the ball. Although the ends, R. McMillan and McDaniel, exhibited an inferior brand of work in the Shawnee game, they have improved greatly in both offensive and defensive work. They are light, but are always in good condition and can stand a great deal of the heaviest kind of work.

The backfield is made up of four veteran players. C. McMillan at quarter, McCain, half back, Roddie, Donaghey and Matthews at the fulls, with Wallace as a good utility back, presents a ball-carrying department second to few in the state. Their work is not characterized by specially brilliant playing but is of the bulldog variety.

The normal championship will be conclusively proven this year. East Central meets Central next Thursday on Briles' field. Central meets Northwestern November 7 in Edmond. Northwestern will probably journey to Ada to mix with East Central the following Monday and East Central will close the season with Southeastern at Durant Thanksgiving. Unless some of these contests result in ties scores the title will be clear.

A Fair Proposition

The manufacturers of Meritol Rheumatism Powders have so much confidence in this preparation that they authorize us to sell them to you on a positive guarantee to give you relief in all cases of Rheumatism or refund your money. This is certainly a fair proposition. Let us show them to you. Ramsey Drug Co. Exclusive Agency.

When you dine at the Palace Cafe visit my kitchen and see that what you get to eat comes from a sanitary kitchen. 169-6t

The weather man says tomorrow will be fair. In view of the fact that he hit it so well today there is some reason to believe that perhaps he will hit it again.

This evening, the Grand offers three very interesting pictures as follows: "The Juvenile Kidnappers," "The Doctor's Story" and "Percy H. Baldwin, Trifler." This last one is great. It features Owen Moore in the gentle art of flirting.

The News reporter spent a short time with Otis Weaver at Shawnee Sunday evening and found him doing fully as well as could be expected. His recovery may be rather slow but it is regarded as only a matter of time.

Hundreds of people read the News Want Column and read it every day. Take advantage of this service.

MURDER—MOST COWARDLY AND INCONCEIVABLE

Family of Eleven Found Dead Strown Over the Floors and Yard

A dastardly assassin who is still at large, at an early hour Friday afternoon, placed luscious home-made bread, cut in nice cubes and squares, spread with Mulford's. Phosphorus Paste in henhouse No 1 and passage-way in the rear, and at 6 P. M. father and mother rat and one child lay dead; at 8 P. M. big brother rat and three nephews were cold in death; at 4 A.M. of the 24th, four other children of the family were dead as a result of this desperado's act.

(Signed) R. Thomas Huntington Wethersfield, Conn., May 24, 1913

Wethersfield, Conn., May 24th, 1913 H.K. Mulford Company Philadelphia, Pa.

Dear Sirs:

We have been troubled with rats after feeding them with rat biscuits, Rough on Rats, Paris Green, Australian Rat Poisin and many other poisons for the last three or four years, and only finding about six dead rats in that time and catching three in a trap.

I bought some of your Phosphorus Paste through an ad. in the "Hartford Times" of the 22nd, placed therein by Goodwin Drug Co., of Hartford, and the above announcement is the result of one application. These rats were all found outside of their holes hunting water.

(Signed) R. Thomas Huntington 25 e A TUBE, SOLD BY

"Exhonoratation," is the title of a fine English drama in two reels that will be presented at the De Sota this evening. Then comes a comedy cream, "Billy Dodges Bills." Evidently he never lived in Ada or he would have just passed up the bills without dodging.

The two-year-old daughter of M. R. Chilcutt and wife, who has been critically ill of pneumonia for several days, is reported to be improving. It is thought that she has passed the crisis of her illness and will soon recover.

On the first of November I go on a cash basis. I am not going to sell any leaders at cost, I don't believe in trying to fool anybody, but I am going to sell groceries as cheap as legitimate business can be done. I have some coupon books I will gladly furnish.—John D. Rinard. 173-dtt

DIAZ INVITED TO MEXICO CITY

Vera Cruz, Oct. 25.—Gen. Felix Diaz today received a "request" from the Mexican government to proceed at once to the Federal Capital.

Col. Manuel Vidaurrazaga, secretary to the Mexican Minister of War, arrived here on a special train with the invitation, which was practically an order from Diaz to accompany him to Mexico City.

Gen. Diaz did not decide immediately to accompany, and no effort was made this morning to force him to accept the invitation.

Unless Gen. Diaz alters his intentions, he will not return to the Capital.

The invitation was signed by Provisional President Huerta.

Whether Col. Vidaurrazaga bore orders to arrest Gen. Diaz is not known. Diaz did not deliver a formal negative answer to Huerta's "invitation." This urged Diaz to go to the capital immediately "for his own prestige as well as for that of the government." It was written in affectionate terms.

Col. Vidaurrazaga's intentions apparently indicated the necessity of his returning today with a reply from Diaz.

Gen. Felix Diaz decided to remain at Vera Cruz for the night. It is possible he may accompany the Colonel to the City of Mexico Sunday morning.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., Oct. 25.—From Philadelphia, where he is to attend the Congress Hall dedication today, President Wilson will proceed direct to Mobile, Ala., where he will arrive Monday morning. The President will spend the day in Mobile, delivering an address on rural credits before the Southern Commercial Congress, and leave that evening for Washington, arriving Wednesday.

The Southern Commercial Congress, which will hold forth in Mobile during the first half of the week, promises to be a most notable gathering. The convention theme will be: "The Relation of the United States to the Panama Canal, to Latin America and to World Commerce."

According to the latest advices from Europe the marriage of Miss Nancy Leishman, daughter of the former American ambassador to Berlin, to the Duke of Croix is to be performed Tuesday in the cathedral in Geneva, Switzerland. The engagement of Miss Leishman and the Duke of Croix has attracted much attention because of the "dynastic" objections of the Duke's German relatives. It has been said that the members of the Duke's family may contest the validity of his marriage to an American girl, who can never, in Germany, at any rate, legally call herself Duchess of Croix or enjoy any rights at a German Court.

A notable conference of the premier of the Canadian provinces, similar to the conference held two years ago, has been called to assemble in Ottawa Monday. The conference will again take up the matter of the objection of the Maritime Provinces to having their representation in the Dominion parliament cut down. Other subjects to receive attention will be the adjustment of provincial subsidies and reforms in the judicature act calculated to produce uniformity.

The National Convention of Methodist Men, which is to begin its sessions in Indianapolis Tuesday, will be the first great gathering of its kind in Methodism. Three thousand lay and clerical delegates from every section of the country will meet to discuss the united missionary work of the Methodist Episcopal church.

The second annual convention of the Investment Bankers' Association of America will meet in Chicago Tuesday for a three days session. This is expected to be the largest convention of investment bankers ever held and representatives from about 500 of the leading investment banking houses in the United States and Canada will attend.

Hearing of arguments on the appeal of the officers and members of the International Association of Bridge and Structural Iron Workers, who were convicted and sentenced to Leavenworth prison in the dynamite cases, are scheduled to begin Wednesday in the Federal Court at Chicago.

Following a spirited campaign a general election will be held in Newfoundland on Thursday. The rival parties are headed by the present Premier, Sir Edward Morris, and the ex-Premier, Sir Robert Bond.

Among the notable gatherings of the week will be the convention of the National W. C. T. U., in Asbury Park, N. J., and the annual meeting of the National Association of Railway Commissioners, in Washington, D. C.

HOW A BROOKLYN GIRL

Got Strong and Well Again.
Grace D. Lamb, of Brooklyn, N. Y., says: "I was all run-down and on the verge of nervous prostration. I could not sleep for pain in my back. In all I was a wreck. A friend told me what Vinol had done for her little girl so I tried it. I noticed an improvement after the first bottle. I could sleep well, my appetite improved, and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic from which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste. We give back your money if Vinol does not do all that we claim.—Gwin & Mays Drug Co., Ada, Okla.
P. S. If you have any skin trouble try Sazo Salva. We guarantee it.

Stork and Cupid Canning Plotters

Many a New Home will Have a Little Sunshine to Brighten It.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of child-birth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded joy and anticipation.

Mother's Friend is used externally. It is a most penetrating application makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with many of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradford Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend to-day.

MORE RAIN MAY BE EXPECTED

Washington, Oct. 26.—Temperatures below normal, with rain distributed throughout the country featured the Weather Bureau's forecast for the week, made public today.

"A disturbance over the Mississippi Valley today will advance eastward, with rains in the Eastern and Southeastern States Monday night or Tuesday and followed by decidedly colder weather overspreading the great central valleys and the Gulf States Monday and the Eastern States Tuesday or Wednesday," says the bulletin.

"This change to colder weather will be attended by general frosts in the Southern States except the Florida peninsula.

"A general reaction to higher temperatures will set in over the Plains States Monday. A disturbance in the Far West Tuesday will move eastward, preceded by rising temperature and attended by general precipitation. This will cross the great central valleys about Thursday and the Eastern States Friday or Saturday. Considerably colder weather will overspread the Northwest Wednesday or Thursday."

Loss of Appetite.

Is the first signal of disorder and decay. The usual loss of appetite is often caused by functional disturbances in the stomach. The stomach fails to do the work required, the appetite is gone, and the body suffers from lack of nourishment. Such a stomach needs to be cleaned and sweetened. Meritol Tonic Digestive is made especially to assist the stomach to digest food, and promote a healthy appetite. This remedy is sold on our positive guarantee, and we ask you to give it a trial. It is a genuine tonic. Ramsey Drug Co., Sole Agents.

BIG ELEPHANT IS DINED.

Jennie is 215 Years Old and Gives a Big Banquet.

Probably the most unique banquet ever given in New York was that held in Madison Square Garden in honor of the 215th birthday of Jennie, one of the biggest of Ringling Brothers' elephants. The feast was served in the arena. Jennie sat at the head of the table. In front of her was an immense birthday cake on which sat the statuette of an elephant done in plaster. The statuette was surrounded by 215 candles which burned while the guests were dining. Jennie ate peanuts from a big tub.

Among those present were Dr. Harvey W. Wiley, of the United States Bureau of Chemistry; Mrs. Winifred Harper Cooley, of the allied pure-food societies; Dr. E. H. King, the English traveler, and Martin Green, Irving S. Cobb and Carl Decker, the magazine writers. They all made speeches.

When Jennie was 100 years old she was brought from the wilds of India to become an attraction in the Zoological Gardens of London. At that time George Washington was the president of the United States. In 1846 Jerry Fogg and Evenetiz Howes brought the animal to America, and she became identified with the red wagons. After many experiences with various shows and now and then a season in the parks of several large cities, Jennie fell into the hands of the Ringling Brothers. She will probably stay there, as she has become a great pet.

If you have rooms to rent, place a want ad in the News Want Column.

HEAVY DEATH TOLL IN MINE DISASTER

Dawson, N. M., Oct. 24.—Fifty-four bodies had been recovered tonight from the chambers of Stag Canon Mine No. 2, two deaths had been added to the mine's total and government experts now in charge of the rescue work conceded that 200 bodies are still within the gas-filled chambers. Thirty-six bodies have already been buried, a union service for all taking place late today. The work of searching for bodies is still going on but hope that more of the entombed miners will be rescued alive has been abandoned.

The two deaths added to the list today were those of James Lurdi and William Poins, members of a rescue squad which entered the mine in the early morning. They did not return and it was only after the experts of the United States rescue car had searched six hours that the bodies were found. At the news of the added deaths the men who had been doing the rescue work refused to go back into the mines, but their places were taken by men from the rescue car which had been rushed from the Kansas coal fields.

The work of rescue is going forward slowly under the leadership of J. C. Roberts.

The funeral service over the recovered bodies was simple. Father A. C. Collier of Springer, N. M., read the service over the remains of the men of the Roman Catholic faith, while for the others Rev. H. M. Shields, camp chaplain, read the Episcopal burial service. Six other bodies will be buried tomorrow.

200 FEDERAL LIQUOR CASES AT MUSKOGEE

Muskogee, Ok., Oct. 25.—A mass of evidence in over 200 cases, mostly involving alleged violations of the Federal laws relative to the introduction of liquor into Indian country, is being prepared in the offices of the United States Marshal and District Attorney here for presentation to the Federal Grand Jury at Chickasha on November 6.

Never before in the history of old Indian Territory, now Eastern Oklahoma, have so many cases been prepared in such a short time. Arrests on the various charges cover a period of only two months, most of those arrested having been bound over by United States Commissioners under bond. Not all, however, have regained their liberty, as ninety-eight persons are now confined in the Federal jail here awaiting trial or serving short sentences.

Most of the cases are the result of a campaign to suppress liquor traffic in Five Tribes' country by United States Marshal B. A. Enloe, Jr., and his deputies.

John D. Long's Birthday.

Hingham, Mass., Oct. 27.—John D. Long, former Governor of Massachusetts and Secretary of the Navy during the war with Spain, was seventy-five years old today and the occasion was marked by the receipt of a number of congratulatory messages from various parts of the country. His fellow-townsmen proposed to have a public observance of the anniversary, but out of respect to the wishes of Mr. Long the plan was abandoned.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all of our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

The Romance of Making Money.

In the November American Magazine E. Albert Apple writes a story entitled "Andy Reagan Successful Failure," in which he makes the following comment on the romance of making money:

"Year by year, the romance of making money in America is creeping farther west. Already, it has crossed the Mississippi, and wealth-corralling in the East is a coldly analytical game of cost systems, efficiency experts, advertising campaigns, and the charts of business forecasts.

"But the search for romance in business has developed the typical American—a roving entrepreneur. Time was when a hundred-mile trip meant county gossip; but now a coast to coast jaunt occasions a mere elevating of the brows and a request for picture postals.

"The oil country was the last to lose it is fairyland enchantment. The oil man is the most picturesque and discontented of all the sorrowful procession of romance seekers—his home is on wheels and in a suit case and he jumps a thousand miles at a time. Occasionally one meets an old-time oil producer who suggests days of plank roads and border rushings; but he will shake his head and claim that oil country romance died when anticlinal maps and 26 Broadway came into existence.

"Pit Hole, the world's first oil town where twenty thousand boomers built a mushroom city, of which nothing remains today but tradition and one house; Coal Oil Johnny, the first great get-rich-quick, plunger, and spendthrift; and Pipe Line Dan O'Day

who ran the first pipe lines through the country; all these have been taken from him. The individual producer has been nearly blotted out by Standard Oil. Oil is a corporation proposition; and the only person who sees romance around a corporation is the stenographer."

Missionaries at Kansas City.

Kansas City, Mo., Oct. 25.—Missionaries from many civilized and uncivilized countries have gathered in Kansas City to take part in the 104th annual meeting of the American Board of Commissioners for foreign Missions. The proceedings will begin tomorrow with the annual sermon, by Rev. Charles E. Jefferson of New York. At the business sessions, beginning Monday, efforts to spread Christianity will be related by prominent clergymen in the missionary field. Workers from China, Japan, India, Turkey, Mexico and the Philippines will be among the speakers.
